- **Living Costs**

- It is estimated that the cost of living, or your living expenses, for one year is **£7,000.00**. This figure includes accommodation, food, clothes, books and stationery. You will have to be able to show that you have this amount in addition to your tuition fees in order to qualify under the points based system for a Tier 4 Student Visa.

## IELTS Requirements

### **Foundation Degree / Bachelor Degree (3 year)**

- An IELTS minimum score of 6.0 or above is required unless the student takes part in a pre-sessional in the summer prior to their enrolment, at this point an IELTS (or equivalent TOEFL) score of 5.5 would be accepted, dependent upon a solid academic record. If the student has taken our Foundation Year course (see below) and passed, then no further English Language qualification is needed.

### **Foundation Year (1 year pre-degree course)**

- Enrolment onto the Foundation Year allows entry to those without IELTS scores, or whose scores are too low for immediate enrolment onto the Foundation Degree / Bachelor Degree course. An exam will be taken at the end of the year, and if this is passed then you will be allowed entry onto the Foundation Degree / Bachelor Degree programme with no further IELTS requirement.

### **FE / Vocational Courses**

- An IELTS minimum score of 5.5 is required and dependent on the chosen course and the academic record of the individual student

**N.B. Alternative English Language qualifications will be considered, where IELTS has no been taken.**
