

BSc (Hons) Animal Management (Top Up)

UCAS Code: D300

The BSc/BSc (Hons) Animal Management (Top-Up) programme has been designed to equip students with the knowledge and skills to enter a range of animal related industries.

Areas relating to the Management of a range of domestic species, animal health and physiology, economic factors effecting the sustainability of the industry and environmental change are incorporated.

Students will study a wide range of animals to develop appreciation of their anatomical structure and physiological processes as well as the inter-relationship between the animal and their environment. Knowledge of business principles and

management skills is also developed, allowing students to work effectively at management level within a company.

MODULES

Year 1 (Level 6) Core Modules include:

- Dissertation
- Business Leadership and Management

BSc (Hons) Animal Management (Top Up)

UCAS Code: D300

ASSESSMENT

Assessments will be designed to give students the opportunity of performing tasks that they may be asked to do in employment. There are a range of assessment methods used, including reports, case studies, presentations, Viva -Voce, continual assessments and exams. Typically each module involves two assessments.

IN COURSE COSTS

Students will be required to have PPE in the form of overalls, steel toe boots and a white lab coat before starting the course. Also students are typically provided with the opportunity to take part in international study tours to a variety of locations. Previous study tours run by the University Centre include South Africa, Peru, Tenerife, Italy, Paris, London and Scotland.

AFTER THE COURSE

Students studying the course may enter

a wide variety of roles in the industry, working in animal welfare, agriculture, charitable organisations, education, conservation and health related areas. Students may also progress to higher level study such as Masters or PhD.

ENTRY REQUIREMENTS

To study the BSc (Hons) Top Up, applicants are required to have a Merit or above in a Foundation Degree (FdSc) or an HND in an appropriate subject. To study the BSc (Ord) Top Up, applicants are required to have a Pass or above in a Foundation Degree (FdSc) or an HND in an appropriate subject.
