

**Independently assessed Objective Structured Clinical Examination  
(OSCE) Policy  
HE6**

**Equality Impact Assessment:** Askham Bryan College recognises the importance of the Equality Act 2010 and its duties under the Act. This document has been assessed to ensure that it does not adversely affect staff, students or stakeholders on the grounds of any protected characteristics.

## **1. POLICY STATEMENT**

1.1 The purpose of this policy and associated procedures is to:

- a) define the purpose of the independently assessed Objective Structured Clinical Examination (OSCE) for students on the FdSc Veterinary Nursing
- b) outline the roles and responsibilities of College staff, examiners (internal and external) and the regulatory body (Royal College of Veterinary Surgeons) in relation to the OSCE
- c) provide guidance on the OSCE structure, conditions and marking scheme for both examiners and students
- d) define the quality assurance mechanisms and security arrangements associated with the OSCE

1.2 Within the Foundation Degree (FdSc) Veterinary Nursing programme there is a requirement to assess the clinical competence of nurses against the Royal College of Veterinary Surgeons (RCVS) Day One Skills for Veterinary Nurses. This assessment features within the Professional and Reflective Practice module (Level 5).

1.3 All programmes leading to entry onto the RCVS professional register of veterinary nurses must include “an independently assessed Objective Structured Clinical Examination (OSCE), or similarly robust, objective and evidence-based form of examination” (RCVS, 2015). The form of examination included in the FdSc Veterinary Nursing is the OSCE.

1.4 The OSCE consists of ‘multiple mini-stations’. Students rotate around all stations completing a series of clinical tasks aligned to the RCVS Day One Skills for Veterinary Nurses. The use of the OSCE as an assessment tool, determines what a student can ‘do’ rather than ‘discuss or write about’.

1.5 This policy relates to the OSCE only and supercedes the examination guidance articulated in HE4 and HE4a Assessment Policy and Procedure. This policy should be read in conjunction with HE6a: OSCE Procedure.

**INDEPENDENTLY ASSESSED OBJECTIVE STRUCTURED CLINICAL EXAMINATION (OSCE)  
POLICY  
HE6**

## **2. DEFINITIONS**

This policy and procedure refer to the following:

**RCVS Day One Skills for Veterinary Nurses:** These are a list of essential clinical skills based on the RCVS Day One Competences for Veterinary Nursing.

**Blue print:** A plan of tasks mapped to the Day One Skills for Veterinary Nurses to ensure coverage of all expected areas.

**Purpose:** The purpose of the policy is to provide an outline of the structure and procedural requirements for the transparent and effective delivery of the OSCE for FdSc Veterinary Nursing programmes.

## **3. PRINCIPLES**

3.1 The OSCE forms part of the overall assessment strategy of the FdSc Veterinary Nursing programme. The intended purpose of this assessment is to predict the future performance of student nurses in the workplace. The reasons for this are to:

- Ensure animal welfare and the safety of their treatment;
- Maintain the public trust;
- Maintain the integrity of the profession and its members;
- Safeguard the interest of the public, colleagues and the Professional Statutory Regulatory Body.

3.2. The OSCE is part of a process of determining a minimum set of clinical skills (RCVS Day One Skills and Competences) that a student nurse must hold to be awarded the FdSc Veterinary Nursing.

## **4. SCOPE AND LIMITATIONS**

The policy applies to students studying the RCVS-accredited FdSc Veterinary Nursing course.

## **5. RESPONSIBILITIES**

In addition to the roles and responsibilities stated within the Askham Bryan College Higher Education Assessment Policy and Procedures (HE) the following responsibilities for the OSCEs are described as follows:

### **5.1 The Director of Higher Education will:**

- Have overall strategic responsibility for ensuring that this policy is implemented across all sites delivering higher education programmes.
