Equality Impact Assessment: Askham Bryan College recognises the importance of the Equality Act 2010 and its duties under the Act. This document has been assessed to ensure that it does not adversely affect staff, students or stakeholders on the grounds of any protected characteristics.

1. INTRODUCTION

Residential accommodation for students is provided by Askham Bryan College at the York and Newton Rigg campuses. The accommodation is intended to ease the travel burden on students whose home address is beyond a reasonable daily commute from the college and thus support them in their studies.

The College seeks to make accommodation available to a broad range of students and financial support may be available through government funded means-tested bursaries and charitable and corporate funded merit-based scholarships. Information on financial assistance is available on the college website or through Student Services.

The process of application for accommodation is separate from the application for a course, therefore an offer of a place on a course does not guarantee a place in accommodation.

Please be aware this policy applies to **all** students including Apprentices and students who need accommodation to carry out their vocational duties.

2. ALLOCATION OF ACCOMMODATION

Accommodation is allocated on a first come, first served basis, however if accommodation becomes full, priority will be given to students whose home address is most distant from the college.

All college accommodation is allocated according to gender and age.

Accommodation is offered for students in the following age categories:

- Those aged 18 on 31 August of the year in which they enrol at college.
- Those aged 16 or 17 on 31 August of the year in which they enrol at college. Students in this group are housed separately to those 18+ and are subject to the Social Care Common Inspection Framework (SCCIF) 2017 which gives operational guidance for their management. The college's compliance with this act is regularly inspected by
