

Safeguarding Policy

Equality Impact Assessment : Askham Bryan College recognises the importance of the Equality Act 2010 and its duties under the Act. This document has been assessed to ensure that it does not adversely affect staff, students or stakeholders on the grounds of any protected characteristics.

1. INTRODUCTION

1.1. The Governors and Staff at Askham Bryan College regard each learner as a unique individual and therefore seek to support learner development in ways which will foster security, confidence and independence. We recognise that high self-esteem, peer support, a secure College environment and clear lines of communication with trusted adults helps all young people and adults, particularly those at risk or suffering abuse. These are regarded as central to the wellbeing of the individual and are therefore seen to be an intrinsic part of all aspects of the curriculum and ethos. The College is committed to safeguarding, to creating a culture of vigilance and maintaining a safe and secure environment for all our students and will ensure that action is taken to support them if abuse is suspected.

1.2. In order to safeguard and promote the welfare of children, young people and vulnerable adults, the College will act in accordance with the following legislation and guidance:

- Children Acts 1989 and 2004;
- Education Act (2002);
- Keeping Children Safe in Education: Statutory Guidance for Schools and Colleges (September 2020);

SAFEGUARDING POLICY

1.3. The College will keep its policy and procedures under review to take account of any new Government legislation, regulations or best practice documents to ensure that staff are kept fully up to date with their responsibilities and duties with regard to the safety and well-being of children and vulnerable adults.

1.4. Within the College any student (child or adult) in danger of radicalisation or demonstrating extremist tendencies (violent or non-violent) is deemed to be vulnerable and appropriate support will be sought under the PREVENT strategy or through CHANNEL.

1.5. This Policy focuses on the protection of Children and Vulnerable Adults. This document covers the procedure for dealing with suspicions or allegations of abuse. It outlines in more detail the actions required to protect our students while studying at College, when they are living in the College's residential accommodation and when students are in any work-based placements, including apprenticeships, NVQs and Diplomas and during periods of work experience. The Safeguarding Policy and Procedures should be read in conjunction with the College's HR policies and procedures including Recruitment and Selection, DBS Policy and procedure, Professional Standards, Student Disciplinary Policy, Peer on Peer Abuse policy and E-Policy.

1.6. Children are those students under 18 years of age who may be on a:

- 16-18 study programme (including those in Residential provision), traineeship or apprenticeship.

1.7. Vulnerable Adults

The Safeguarding Vulnerable Groups Act 2006 defines a 'vulnerable adult' as a person aged 18 and over and:

- Receiving a social care service;
- Receiving a health service;
- Living in sheltered accommodation;
- Detained in custody or under a probation order;
- Requiring assistance in the conducting of his/her affairs;
- Receiving a service or participating in an activity targeted at older people with disabilities or with physical or mental health conditions; or
- OR any adult whose circumstances make them vulnerable at a specific time.

1.8. The Police Act 1997 (Enhanced Criminal Record Certificates) (Protection of Vulnerable Adults) Regulations 2013 require employers to carry out Disclosure and Barring Service checks before employees are allowed to come into contact with vulnerable adults. The College is required under this legislation to apply for an enhanced check from the Disclosure and Barring Service (DBS) for staff working with such students.

SAFEGUARDING POLICY

1.9. It is College policy that all newly recruited staff are required to undergo a DBS enhanced check. All staff are required to complete a DBS declaration as part of the annual appraisal process.

1.10. Children with special educational needs and disabilities:

1.10.1. Children with special educational needs (SEN) and disabilities can face additional safeguarding challenges. College policy and approach to safeguarding reflects the fact that additional barriers can exist when recognising abuse and neglect in this group of children. These can include:

- assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's disability without further exploration;
- the potential for children with SEN and disabilities being disproportionately impacted by behaviours such as bullying, without outwardly showing any signs;

2. DEFINITIONS: WORKING TOGETHER TO SAFEGUARD CHILDREN DfE 2018 – updated by Keeping Children Safe in Education September 2020)

Safeguarding and promoting the welfare of children is defined as:

- protecting children from maltreatment;
- preventing impairment of children's mental and physical health or development;
- ensuring that children grow up in circumstances consistent with the provision of safe and effective care; and
- taking action to enable all children to have the best outcomes.

Child Protection is defined as:

- Part of safeguarding and promoting welfare. This refers to the activity that is undertaken to protect specific children who are suffering, or are likely to suffer, significant harm.

Definitions of **Abuse** are given at Appendix 2.

Whilst the activities of the DSL can be delegated to appropriately trained deputies, the ultimate lead responsibility for child protection, as set out above, remains with the DSL, this lead responsibility will not be delegated.

SAFEGUARDING POLICY

7. USE OF EXTERNAL CONTRACTORS

- 7.1. Where Contractors are employed by the College, it is the responsibility of the Designated Safeguarding Lead to ensure that any contractor, or any employee of the contractor, who is to work at the school or college, has been subject to the appropriate level of DBS check. Contractors engaging in regulated activity will require an enhanced DBS certificate (including barred list information). For all other contractors who are not engaging in regulated activity, but whose work provides them with an opportunity for regular contact with children, an enhanced DBS check (not including barred list information) will be required. In considering whether the contact is regular, it is irrelevant whether the contractor works on a single site or across a number of sites. For those providing a service (e.g. for catering, cleaning) all employees should be DBS checked.
- 7.2. For contractors engaged to undertake work on a short-term basis (eg builders), risk assessments are carried out. Contractors in respect of whom no checks have been obtained will not be allowed to work unsupervised, or engage in regulated activity. A risk assessment will be undertaken, entry and exit routes of contractors are agreed, and they are not allowed to leave their work place except at agreed times. The DSL, where required, will be responsible for determining the appropriate level of supervision depending on the circumstances.
- 7.3. If a contractor working at a College is self-employed, the DSL should consider obtaining the DBS check, as self-employed people are not able to make an application directly to the DBS on their own account.
- 7.4. Reception staff will always check the identity of contractors and their staff on arrival at College.

8. THE PREVENT STRATEGY (SEE ALSO APPENDIX 1)

- 8.1. The College raises awareness of specific vulnerabilities in order to ensure that staff are supported to recognise the signs and symptoms related to specific forms of abuse. This includes radicalisation/ violent extremism including (but not restricted to) those linked to Islamist ideology or far right/ neo Nazi/ white supremacist ideology, Irish nationalist or loyalist paramilitary groups and extremist animal rights movements. The Safeguarding team liaise with the police and the local Counter-terrorism teams over matters related to students and staff concerning violent extremism / radicalisation. All staff undertake Prevent training and SLT are updated about students who are supported through the Channel network.
- 8.2. Assessing Risk – all people who are believed to be engaged in or planning to be engaged in any form of extremist activity, or their behaviour causes a concern, must be referred to the Prevent Lead (Assistant Principal (Students)). Normally a member of the

SAFEGUARDING POLICY

Safeguarding Team will make the referral but any staff member can do so if they wish. The PCSO and other statutory organisations will be informed as appropriate.

9. ONLINE SAFETY

9.1. College IT policies and processes and the College tutorial programme reflect the need to protect and educate the whole College community in their use of technology and establishes mechanisms to identify, intervene in and escalate any incident where appropriate. This is a reflection of the fact that the use of technology has become a significant component of many safeguarding issues. Child sexual exploitation; radicalisation; sexual predation: technology often provides the platform that facilitates harm. The breadth of issues classified within online safety is considerable, but can be categorised into three areas of risk:

- content: being exposed to illegal, inappropriate or harmful material;
- contact: being subjected to harmful online interaction with other users; and
- conduct: personal online behaviour that increases the likelihood of, or causes, harm. For further guidance, see RE16 E-Safety Policy

9.2. Filters and monitoring

Whilst considering our responsibility to safeguard and promote the welfare of children, and provide them with a safe environment in which to learn, the College has considered the age range of our students, the number of students, how often they access the IT system and the proportionality of costs vs risks. This will be informed in part by the risk assessment required by the Prevent Duty. As part of this process, College ensures that, as far as possible, it has appropriate filters and monitoring systems in place.

10. INFORMATION SHARING

10.1 In line with the principles set out in 'Information Sharing: Advice for practitioners providing safeguarding services to children, young people, parents and carers (July 2018), the College recognises that:

- The GDPR and Data Protection Act 2018 do not prevent, or limit, the sharing of information for the purposes of keeping children and young people safe. Safeguarding children is a processing condition that allows practitioners to share special category personal data, such as sharing information without consent where there is good reason to do so.

To effectively share information:

- College staff should be confident of the processing conditions, which allow them to store, and share, the information that they need to carry out their safeguarding role.

Version: August 2020	Next Review: August 2021	Author: Assistant Principal (Students)	SLT Owner: : Assistant Principal (Students)
----------------------	--------------------------	--	---

SAFEGUARDING POLICY

Information which is relevant to safeguarding will often be data which is considered 'special category personal data' meaning it is sensitive and personal.

- Where College staff need to share special category personal data, they should be aware that the Data Protection Act 2018 includes 'safeguarding of children and individuals at risk' as a condition that allows practitioners to share information without consent.
- Information can be shared legally without consent, if the staff member is unable to, or cannot be reasonably expected to gain consent from the individual, or if to gain consent could place a child at risk.
- Relevant personal information can be shared lawfully if it is to keep a child or individual at risk safe from neglect or physical, emotional or mental harm, or if it is protecting their physical, mental, or emotional well-being.
- The College will reflect the principles of good practice within the [Data protection: toolkit for schools](#)

10.2 Child protection files

Where children leave the College the DSL should ensure their child protection file is transferred to any new school or College as soon as possible. This should be transferred separately from any other student records, ensuring secure transit, and confirmation of receipt should be obtained. As a receiving College, the DSL should ensure key staff are aware as required.

In addition to the child protection file, the DSL should also consider if it would be appropriate to share any information with the new school or college in advance of a child leaving. For example, information that would allow the new school or college to continue supporting victims of abuse and have that support in place for when the child arrives.

11. USE OF FORCE TO CONTROL OR RESTRAIN

The College approach to the use of force to control or restrain students where necessary is contained within the Policy SSS17 'Use of force to control or restrain'.

12. REVIEW AND MONITORING

The Safeguarding Policy is reviewed annually and its provisions monitored by the governing body with input from SLT and from the Learner Voice.

SAFEGUARDING POLICY

APPENDIX 1: PREVENT STRATEGY

1. Purpose

The purpose of this strategy is to outline our approach to supporting the national 'Prevent' Agenda linked to the safeguarding of our students and staff. This Strategy is written with reference to the Prevent Duty contained within Section 26 of the Counter Terrorism and Security Act 2015. The Duty states that specified authorities including Further Education Colleges, in the exercise of their functions, must have "due regard to the need to prevent people from being drawn into terrorism."

2. Context

The aim of this strategy is to:

- Develop an awareness of Prevent in the College
- Recognise current practice which contributes to the Prevent agenda
- Identify areas for improvement Develop a coordinated action plan

3. Awareness of Prevent Agenda

- 3.1. Prevent is 1 of the 4 elements of 'CONTEST', the government's counter-terrorism strategy. The 4 elements are: Pursue, Protect, Prepare and Prevent. It aims to stop people becoming terrorists or supporting terrorism.
- 3.2. The Prevent strategy responds to the ideological challenge we face from terrorism and aspects of extremism, and the threat we face from those who promote these views.
- 3.3. It provides practical help to prevent people from being drawn into terrorism and ensure they are given appropriate advice and support.
- 3.4. It works with a wide range of sectors (including education, criminal justice, faith, charities, online and health) where there are risks of radicalisation.
- 3.5. It covers all forms of terrorism, including far right extremism and some aspects of nonviolent extremism.

4. College practice which contributes to Prevent

- 4.1. The College Safeguarding Policy features reference to the Prevent agenda and all current and future Safeguarding officers will have participated in Prevent training.

----------------------	--------------------------	--	---

SAFEGUARDING POLICY

- 4.2. The College has strong links with regional Prevent Coordinators and local Police. The Student Services Managers and College Designated Lead for Safeguarding have the details for contacting 'CHANNEL' (a process which supports people at risk of being drawn into terrorism). The College also has close links with Police Community Support Officers who attend the College on a regular basis to normalise police presence and help maintain trust between students and the police service.
- 4.3. All members of staff and subcontractors complete Prevent training. Subcontractors are also required to undertake Prevent training and this is facilitated by the College.
- 4.4. All College employees have Prevent training, this is covered in the induction session and staff are required to complete an on-line module.
- 4.5. Corporation members undertake Prevent training.
- 4.6. Our work to promote Equality and Diversity within College, incorporates British Values, contributes to good community relations and reduces the risk of radicalisation.
- 4.7. Mainstream political parties are invited in to College to support democracy related events. The College will not allow representation at such events, from parties with extreme views which promote violence or intolerance.
- 4.8. Guidelines for the use of visiting speakers within the curriculum, for cross College events and as part of any external lettings//commercial hire.
- 4.9. Site-based risk assessments are updated annually to reflect any new identified risks.

SAFEGUARDING POLICY

APPENDIX 2: DEFINITIONS OF ABUSE

Definitions of Abuse

1. Definition of abuse updated in 'Keeping Children Safe in Education (KCSiE) September 2020, to reflect updated guidance, 'Abuse: a form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others. Abuse can take place wholly online, or technology may be used to facilitate offline abuse. Children may be abused by an adult or adults or by another child or children.
2. **Physical Abuse:** This form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.
3. **Emotional abuse:** This is the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child the opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.
4. **Sexual abuse:** This involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse. Sexual abuse can take place online, and technology can be used to facilitate offline abuse. Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children. The sexual abuse of children by other children is a specific safeguarding issue in education.

SAFEGUARDING POLICY

5. **Neglect:** This is the persistent failure to meet a child’s basic physical and/or psychological needs, likely to result in the serious impairment of the child’s health or development. Neglect may occur during pregnancy, for example, as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to: provide adequate food, clothing and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (including the use of inadequate care-givers); or ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child’s basic emotional needs.
6. **Significant Harm:** Some children are in need because they are suffering or likely to suffer significant harm. The Children Act 1989 introduced Significant Harm as the threshold that justifies compulsory intervention in family life in the best interests of children.

Additional forms of Abuse

7.1. **Peer on Peer abuse:** staff should recognise that children are capable of abusing their peers. Abuse is abuse and should never be tolerated or passed off as “banter”, “just having a laugh” or “part of growing up”; this is most likely to include, but may not be limited to:

- bullying (including cyberbullying);
- physical abuse such as hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm;
- sexual violence, such as rape, assault by penetration and sexual assault;
- sexual harassment, such as sexual comments, remarks, jokes and online sexual harassment, which may be stand-alone or part of a broader pattern of abuse;
- upskirting, which typically involves taking a picture under a person’s clothing without them knowing, with the intention of viewing their genitals or buttocks to obtain sexual gratification, or cause the victim humiliation, distress or alarm;
- sexting (also known as youth produced sexual imagery); and
- initiation/hazing type violence and rituals..

7.1.1 The College will take any concerns of this nature very seriously and the concerns should be raised and dealt with in the same way as any other concerns, directly to the Safeguarding team.

7.1.2 The DSL will ensure that:

- procedures to minimise the risk of peer on peer abuse are in place and clear to all staff;
- staff are aware of how allegations of peer on peer abuse will be recorded, investigated and dealt with;
- there are clear processes as to how victims, perpetrators and any other child affected by peer on peer abuse will be supported;

Version: August 2020	Next Review: August 2021	Author: Assistant Principal (Students)	SLT Owner: : Assistant Principal (Students)
----------------------	--------------------------	--	---

SAFEGUARDING POLICY

- staff recognise the gendered nature of peer on peer abuse (i.e. that it is more likely that girls will be victims and boys perpetrators), but that all peer on peer abuse is unacceptable and will be taken seriously; and
- staff are aware of the different forms peer on peer abuse can take (see above);

7.2. Teenage Relationship Abuse

Abuse in young people's relationships can involve the same forms of controlling and coercive behaviour, physical, emotional, psychological, financial and sexual violence and abuse as seen in adult relationships.

7.3. Sexual violence and sexual harassment between children

7.3.1 Sexual violence

It is important that college staff are aware of sexual violence and the fact children can, and sometimes do, abuse their peers in this way. When referring to sexual violence we are referring to sexual violence offences under the Sexual Offences Act 2003¹ as described below:

Rape: A person (A) commits an offence of rape if: he intentionally penetrates the vagina, anus or mouth of another person (B) with his penis, B does not consent to the penetration and A does not reasonably believe that B consents.

Assault by Penetration: A person (A) commits an offence if: s/he intentionally penetrates the vagina or anus of another person (B) with a part of her/his body or anything else, the penetration is sexual, B does not consent to the penetration and A does not reasonably believe that B consents.

Sexual Assault: A person (A) commits an offence of sexual assault if: s/he intentionally touches another person (B), the touching is sexual, B does not consent to the touching and A does not reasonably believe that B consents.

What is consent?² Consent is about having the freedom and capacity to choose. Consent to sexual activity may be given to one sort of sexual activity but not another, e.g. to vaginal but not anal sex or penetration with conditions, such as wearing a condom. Consent can be withdrawn at any time during sexual activity and each time activity

¹ See Sexual Offences Act 2003 available at [Legislation.gov.uk](http://legislation.gov.uk)

² It is important school and college staff (and especially designated safeguarding leads and their deputies) understand consent. This will be especially important if a child is reporting they have been raped. More information: [here](#).

SAFEGUARDING POLICY

occurs. Someone consents to vaginal, anal or oral penetration only if s/he agrees by choice to that penetration and has the freedom and capacity to make that choice.

7.3.2 Sexual harassment

When referring to sexual harassment we mean ‘unwanted conduct of a sexual nature’ that can occur online and offline. When we reference sexual harassment, we do so in the context of child on child sexual harassment. Sexual harassment is likely to: violate a child’s dignity, and/or make them feel intimidated, degraded or humiliated and/or create a hostile, offensive or sexualised environment.

Whilst not intended to be an exhaustive list, sexual harassment can include:

- sexual comments, such as: telling sexual stories, making lewd comments, making sexual remarks about clothes and appearance and calling someone sexualised names;
- sexual “jokes” or taunting;
- physical behaviour, such as: deliberately brushing against someone, interfering with someone’s clothes (schools and colleges should be considering when any of this crosses a line into sexual violence - it is important to talk to and consider the experience of the victim) and displaying pictures, photos or drawings of a sexual nature; and
- online sexual harassment. This may be standalone, or part of a wider pattern of sexual harassment and/or sexual violence.³ It may include:
 - non-consensual sharing of sexual images and videos;
 - sexualised online bullying;
 - unwanted sexual comments and messages, including, on social media;
 - sexual exploitation; coercion and threats; and
 - upskirting.

³ [Project deSHAME](#) from Childnet provides useful research, advice and resources regarding online sexual harassment.

SAFEGUARDING POLICY

7.3.3 Upskirting

- The Voyeurism (Offences) Act, which is commonly known as the Upskirting Act, came into force on 12 April 2019. 'Upskirting' is where someone takes a picture under a person's clothing (not necessarily a skirt) without their permission and/or knowledge, with the intention of viewing their genitals or buttocks (with or without underwear) to obtain sexual gratification, or cause the victim humiliation, distress or alarm. It is a criminal offence. Anyone of any gender, can be a victim.

7.3.4 Managing allegations of sexual violence or harassment – please see College Safeguarding Procedures)

8. Child Sexual Exploitation (CSE) occurs where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child into sexual activity (a) in exchange for something the victim needs or wants, and/or (b) for the financial advantage or increased status of the perpetrator or facilitator. The victim may have been sexually exploited even if the sexual activity appears consensual. CSE does not always involve physical contact; it can also occur through the use of technology. CSE can affect any child or young person (male or female) under the age of 18 years, including 16 and 17 year olds who can legally consent to have sex. It can include both contact (penetrative and non-penetrative acts) and non-contact sexual activity and may occur without the child or young person's immediate knowledge (e.g. through others copying videos or images they have created and posted on social media).

The following can be indicators of CSE (see also indicators under CCE – para 12 below):,

- children who have older boyfriends or girlfriends; and
- children who suffer from sexually transmitted infections or become pregnant.

9. So-called 'honour-based' abuse (including Female Genital Mutilation and Forced Marriage)

9.1 So-called 'honour-based' abuse (HBA) encompasses incidents or crimes which have been committed to protect or defend the honour of the family and/or the community, including female genital mutilation (FGM), forced marriage, and practices such as breast ironing. Abuse committed in the context of preserving "honour" often involves a wider network of family or community pressure and can include multiple perpetrators. It is important to be aware of this dynamic and additional risk factors when deciding what form of safeguarding action to take. All forms of HBA are abuse (regardless of the motivation) and should be handled and escalated as such.

Version: August 2020	Next Review: August 2021	Author: Assistant Principal (Students)	SLT Owner: : Assistant Principal (Students)
----------------------	--------------------------	--	---

SAFEGUARDING POLICY

Professionals in all agencies, and individuals and groups in relevant communities, need to be alert to the possibility of a child being at risk of HBA, or already having suffered HBA.

9.2 Actions

If staff have a concern regarding a child that might be at risk of HBA or who has suffered from HBA, they should speak to the designated safeguarding lead (or deputy). As appropriate, they will activate local safeguarding procedures, using existing national and local protocols for multi-agency liaison with police and children's social care. Where FGM has taken place, since 31 October 2015 there has been a mandatory reporting duty placed on **teachers**⁴ that requires a different approach (see following section).

10. Female Genital Mutilation (FGM) FGM comprises all procedures involving partial or total removal of the external female genitalia or other injury to the female genital organs. It is illegal in the UK and a form of child abuse with long-lasting harmful consequences.

10.1 FGM mandatory reporting duty for teachers

Section 5B of the Female Genital Mutilation Act 2003 (as inserted by section 74 of the Serious Crime Act 2015) places a statutory duty upon **teachers** along with regulated health and social care professionals in England and Wales, to report to the police where they discover (either through disclosure by the victim or visual evidence) that FGM appears to have been carried out on a girl under 18. Those failing to report such cases may face disciplinary sanctions. It will be rare for teachers to see visual evidence, and they should **not** be examining pupils or students, but the same definition of what is meant by "to discover that an act of FGM appears to have been carried out" is used for all professionals to whom this mandatory reporting duty applies. Information on when and how to make a report can be found at: [Mandatory reporting of female genital mutilation procedural information](#)

Teachers **must** personally report to the police cases where they discover that an act of FGM appears to have been carried out.⁵ Unless the teacher has good reason not

⁴ Under Section 5B(11)(a) of the Female Genital Mutilation Act 2003, "teacher" means, in relation to England, a person within section 141A(1) of the Education Act 2002 (persons employed or engaged to carry out teaching work at schools and other institutions in England).

⁵ Section 5B(6) of the Female Genital Mutilation Act 2003 states teachers need not report a case to the police if they have reason to believe that another teacher has already reported the case.

----------------------	--------------------------	--	---

SAFEGUARDING POLICY

to, they should still consider and discuss any such case with the school's or college's designated safeguarding lead (or deputy) and involve children's social care as appropriate. The duty does not apply in relation to at risk or suspected cases (i.e. where the teacher does not discover that an act of FGM appears to have been carried out, either through disclosure by the victim or visual evidence) or in cases where the woman is 18 or over. In these cases, teachers should follow local safeguarding procedures.

11. Forced marriage

Forcing a person into a marriage is a crime in England and Wales. A forced marriage is one entered into without the full and free consent of one or both parties and where violence, threats or any other form of coercion is used to cause a person to enter into a marriage. Threats can be physical or emotional and psychological. A lack of full and free consent can be where a person does not consent or where they cannot consent (if they have learning disabilities, for example). Nevertheless, some perpetrators use perceived cultural practices as a way to coerce a person into marriage. Schools and colleges can play an important role in safeguarding children from forced marriage. The Forced Marriage Unit has published statutory guidance and Multi-agency guidelines, pages 35-36 of which focus on the role of schools and colleges. School and college staff can contact the Forced Marriage Unit if they need advice or information: Contact: 020 7008 0151 or email fm@fco.gov.uk.

12. Child criminal exploitation (CCE)

12.1 CCE is where an individual or group takes advantage of an imbalance of power to coerce, control, manipulate or deceive a child into any criminal activity (a) in exchange for something the victim needs or wants, and/or (b) for the financial or other advantage of the perpetrator or facilitator and/or (c) through violence or the threat of violence. The victim may have been criminally exploited even if the activity appears consensual. CCE does not always involve physical contact; it can also occur through the use of technology. CCE can include children being forced to work in cannabis factories, being coerced into moving drugs or money across the country (county lines), forced to shoplift or pickpocket, or to threaten other young people.

Some of the following can be indicators of CCE:

- children who appear with unexplained gifts or new possessions;
- children who associate with other young people involved in exploitation;
- children who suffer from changes in emotional well-being;
- children who misuse drugs and alcohol;
- children who go missing for periods of time or regularly come home late; and
- children who regularly miss school or education or do not take part in education.

----------------------	--------------------------	--	---

SAFEGUARDING POLICY

12.2 County Lines

Criminal exploitation of children is a geographically widespread form of harm that is a typical feature of county lines criminal activity: drug networks or gangs groom and exploit children and young people to carry illegal drugs (primarily crack cocaine and heroin) and money from urban areas to suburban and rural areas, market and seaside towns or other urban areas, using dedicated mobile phone lines or other form of “deal line”. Key to identifying potential involvement in county lines are missing episodes, when the victim may have been trafficked for the purpose of transporting drugs and a referral to the National Referral Mechanism (via national crime agency for human trafficking) should be considered.

Like other forms of abuse and exploitation, county lines exploitation:

- can affect any child or young person (male or female) under the age of 18 years;
- can affect any vulnerable adult over the age of 18 years;
- can still be exploitation even if the activity appears consensual;
- can involve force and/or enticement-based methods of compliance and is often accompanied by violence or threats of violence;
- can be perpetrated by individuals or groups, males or females, and young people or adults; and
- is typified by some form of power imbalance in favour of those perpetrating the exploitation. Whilst age may be the most obvious, this power imbalance can also be due to a range of other factors including gender, cognitive ability, physical strength, status, and access to economic or other resources.

13. Domestic Abuse

13.1 The cross-government definition of domestic violence and abuse is: any incident or pattern of incidents of controlling, coercive, threatening behaviour, violence or abuse between those aged 16 or over who are, or have been, intimate partners or family members regardless of gender or sexuality. The abuse can encompass, but is not limited to: psychological; physical; sexual; financial; and emotional.

All children can witness and be adversely affected by domestic abuse in the context of their home life where domestic abuse occurs between family members. Exposure to domestic abuse and/or violence can have a serious, long lasting emotional and psychological impact on children. In some cases, a child may blame themselves for the abuse or may have had to leave the family home as a result.

SAFEGUARDING POLICY

13.2 Operation Encompass

[Operation Encompass](#) operates in the majority of police forces across England. It helps police and schools work together to provide emotional and practical help to children. The system ensures that when police are called to an incident of domestic abuse, where there are children in the household who have experienced the domestic incident, the police will inform the key adult (usually the designated safeguarding lead) in school before the child or children arrive at school the following day. This ensures that the school has up to date relevant information about the child's circumstances and can enable support to be given to the child according to their needs. Police forces not signed up to operation encompass will have their own arrangements in place.

National Domestic Abuse Helpline

Refuge runs the National Domestic Abuse Helpline, which can be called free of charge and in confidence, 24 hours a day on 0808 2000 247. Its website provides guidance and support for potential victims, as well as those who are worried about friends and loved ones. It also has a form through which a safe time from the team for a call can be booked.

Additional advice on identifying children who are affected by domestic abuse and how they can be helped is available at:

- [NSPCC- UK domestic-abuse Signs Symptoms Effects](#)
- [Refuge what is domestic violence/effects of domestic violence on children](#)
- [SafeLives: young people and domestic abuse.](#)

14. Homelessness

Being homeless or being at risk of becoming homeless presents a real risk to a child's welfare.. Indicators that a family may be at risk of homelessness include household debt, rent arrears, domestic abuse and anti-social behaviour, as well as the family being asked to leave a property. Whilst referrals and/or discussion with the Local Housing Authority should be progressed as appropriate, and in accordance with local procedures, this does not, and should not, replace a referral into children's social care where a child has been harmed or is at risk of harm. The DSL and designated safeguarding staff will keep up to date contact details and referral routes in to the Local Housing Authority so they can raise/progress concerns at the earliest opportunity

In most cases college staff will be considering homelessness in the context of children who live with their families, and intervention will be on that basis. However, it should also be recognised in some cases 16 and 17 year olds could be living independently from their parents or guardians, for example through their exclusion from the family home, and will require a

----------------------	--------------------------	---	--

SAFEGUARDING POLICY

different level of intervention and support. Children's services will be the lead agency for these young people and the DSL or DSO's will ensure appropriate referrals are made based on the child's circumstances..

15. Children missing from education

All staff should be aware that children going missing, particularly repeatedly, can act as a vital warning sign of a range of safeguarding possibilities. This may include abuse and neglect, which may include sexual abuse or exploitation and can also be a sign of child criminal exploitation including involvement in county lines. It may indicate mental health problems, risk of substance abuse, risk of travelling to conflict zones, risk of female genital mutilation or risk of forced marriage. Early intervention is necessary to identify the existence of any underlying safeguarding risk and to help prevent the risks of a child going missing in future. Staff should be aware of College unauthorised absence protocols and children missing from education procedures.

16. Abuse of Vulnerable Adults (Source: Care Act 2014)

- 16.1. **Physical abuse** – including assault, hitting, slapping, pushing, kicking, misuse of medication, restraint, or inappropriate physical sanctions.
- 16.2. **Domestic violence** – including psychological, physical, sexual, financial, emotional abuse, so called 'honour' based violence.
- 16.3. **Sexual abuse** – including rape, indecent exposure, sexual harassment, inappropriate looking or touching, sexual teasing or innuendo, sexual photography, subjection to pornography or witnessing sexual acts, indecent exposure and sexual assault or sexual acts to which the adult has not consented or was pressured into consenting.
- 16.4. **Psychological abuse** – including emotional abuse, threats of harm or abandonment, deprivation of contact, humiliation, blaming, controlling, intimidation, coercion, harassment, verbal abuse, cyberbullying, isolation or unreasonable and unjustified withdrawal from services or supportive networks.
- 16.5. **Financial or material abuse** – including theft, fraud, internet scamming, coercion in relation to an adult's financial affairs or arrangements, including in connection with wills, property, inheritance or financial transactions, or the misuse or misappropriation of property, possessions or benefits.
- 16.6. **Modern Slavery** – encompasses slavery, human trafficking, and forced labour and domestic servitude. Traffickers and slave masters use whatever means they have at their disposal to coerce, deceive and force individuals into a life of abuse, servitude and inhumane treatment.

----------------------	--------------------------	--	---

SAFEGUARDING POLICY

- 16.7. **Discriminatory abuse** – including forms of harassment, slurs or similar treatment; because of race, gender and gender identity, age, disability, sexual orientation or religion.
- 16.8. **Neglect and acts of omission** – including ignoring medical, emotional or physical care needs, failure to provide access to appropriate health, care and support or educational services, the withholding of the necessities of life, such as medication, adequate nutrition and heating.
- 16.9. **Self-Neglect** – this covers a wide range of behaviour neglecting to care for one’s personal hygiene health or surroundings and includes behaviour such as hoarding.
- 16.10. **Radicalisation** – The College addresses the Prevent agenda by working closely with the police and specialist teams over matters related to students and staff concerning violent extremism and radicalisation.
- 16.11 **Serious Violent Crime:** All staff should be aware of the indicators that may signal that children are at risk from, or involved in, serious violent crime. These may include increased absence from college, a change in friendships or relationships with older people or groups, a significant decline in performance, signs of self-harm or a significant change in wellbeing, or signs of assault or unexplained injuries. Unexplained gifts or new possessions may also indicate that children have been approached by, or are involved with individuals associated with criminal networks or gangs.
- 16.12 **Upskirting:** ‘Upskirting’ typically involves taking a picture under a person’s clothing without them knowing, with the intention of viewing their genitals or buttocks to obtain sexual gratification, or cause the victim humiliation, distress or alarm. It is now a criminal offence.
